

FOLLOW THE AWAKENED

Founded in West Texas in 2014, Follow The Awakened was cultivated between Glen Warner, Christian Forbes, and Alex Blevins, aspiring to show the world, what 3 young musicians are capable of, through strong musicianship, intelligent lyrics, and a drive to succeed, because of teachings from our peers starting at a very early age.

We continue to strive towards perfecting our craft through performing with National touring bands, dedicated working time in studios, and are ever constant seekers of new thoughts, opinions, ideas, and music industry changes.

Though the lineup has had several overhauls in 3 years, each change has been an Awakening, only driving us to work harder and push our creative minds that much further to the next level.

And we have only just begun, to open our eyes.
